### II. Aviation Indicator

Category of indicators	Section	Indicator	Indicator unit	Indonesia	Philippines	Vietnam	Malaysia	Thailand	Singapore	Cambodia
Connectivity	Aviation	Average number of country partners	count	104	92,5	98	111	120	124,5	56,5
Import delaysairfreight	Airfreight	Aviation import dwell time (milestones NFD to D Mean (days)	days	2,4	2,4	2,4	0,8	2,1	0,3	3,5
Import delaysairfreight	Airfreight	Aviation import dwell time (milestones NFD to D IQR (P75-P25)	days	3,7	5,8	3,5	2,1	3,1	2,5	5,2
Import delaysairfreight	Airfreight	Aviation import dwell time (milestones NFD to D Median (days)	days	2,6	2,9	2,6	1,1	2,1	1,6	3,1

### III. Postal Indicator

Category of indicators	Section	Indicator	Indicator unit	Indonesia	Philippines	Vietnam	Malaysia	Thailand	Singapore	Cambodia
Connectivity	Postal	Average number of international postal partners	count	117	116	103,5	123	121	116	57,5
Import delayspostal	Postal	Delivery time Mean (days)	days	13,3	18,9	8,2	5,2	2,6	1,9	4
Import delayspostal	Postal	Delivery time Median (days)	days	7,2	13,7	5	2,9	2,1	1,1	0,3
Import delayspostal	Postal	Delivery time (P80P20)	days	11,1	22,2	8,9	4,5	2	1,5	4

# A MANDATE TO IMPROVE NATIONAL LOGISTICS PERFORMANCE

The target for achieving Indonesia's 2045 vision is that one of the targets is the percentage of National Logistics Costs to GDP of 8% of GDP in 2045 and 12.5% in 2029\*.

## Draft of Presidential Decree on Strengthening National Logistics

### Objectives :

1. Reducing the percentage of national logistics costs to gross domestic product in line with targets in national planning documents;
2. Improving national logistics performance in global logistics performance indicators.

### Scope:

#### 1. National Logistics Strengthening Strategy

1. Strengthening connectivity infrastructure, backbone services, and logistics support facilities;
2. Strengthening the integration and digitalization of logistics services; and
3. Increasing the competitiveness of human resources and logistics service providers.

#### 2. National Logistics Performance Measurement

1. Percentage of national logistics costs to gross domestic product; and
2. Global logistics performance indicators

#### 3. Working Mechanism and Reporting

the Coordinating Minister for the Economic Affairs to carry out Coordination, Synchronization, and Control over the implementation of the Presidential Decree as well as the implementation of monitoring and evaluation of the Action Plan.

### Action Plans:

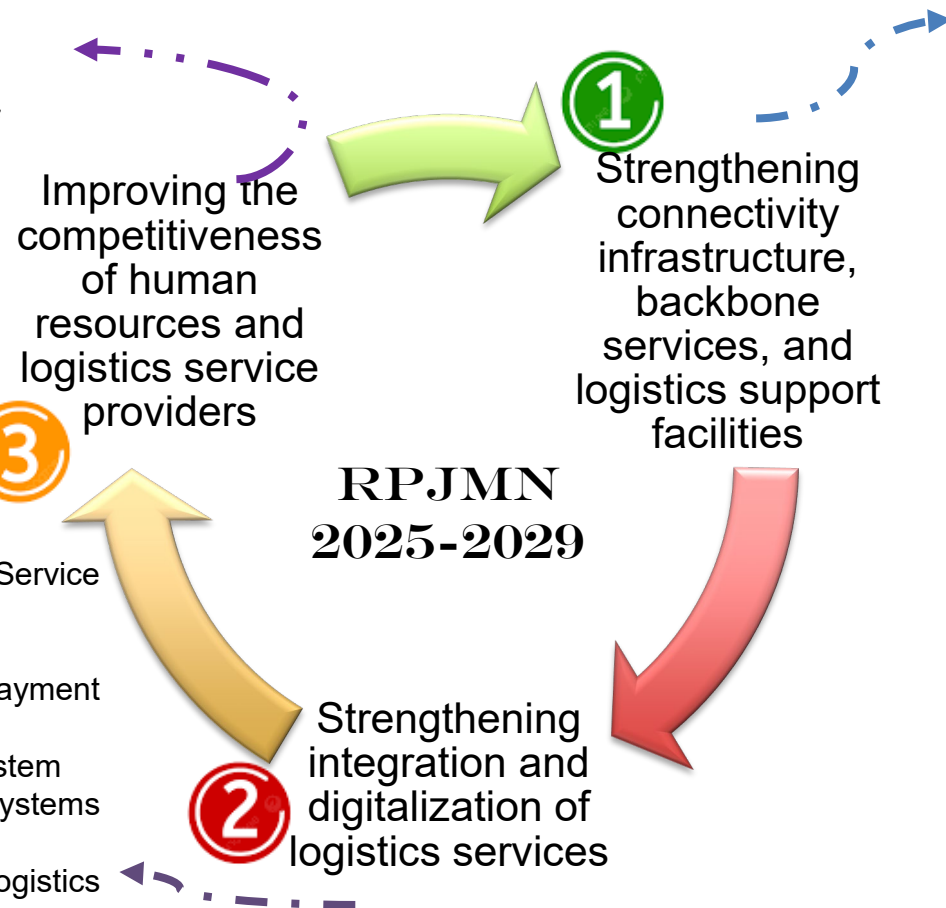

As the core of the Presidential Decree on Strengthening National Logistics which serves as a reference for Ministries/Institutions, regional governments, and private sectors in achieving targets as stated in the National Medium-Term Development Plan (RPJMN) 2025-2029.

## MAIN ACTION PLANS FOR STRENGTHENING NATIONAL LOGISTICS

1. Improving Human Resource (HR) Competence in Logistics
2. Improving the Productivity and Competitiveness of Logistics Service Providers

1. Improving Utilization of transportation facilities and infrastructure
2. Improving Utilization of trade facilities
3. Improving cold chain logistics
4. Bonded Logistics Centers (PLB)
5. Improving Spatial planning of transportation infrastructure (ports, airports, stations, and dry ports) and goods distribution channels
6. Strengthening regional accessibility
7. Improving Transportation of goods for remote area and/or international destinations
8. Green and smart port assessments.
9. Standardization of Port, Airport, and Terminal Facilities.
10. Preparation of halal standards for logistics facilities (storage services, packaging services, and distribution services) at ports, airports, and terminals.
11. Governance for Improving the Quality of Logistics Transportation Services
12. Implementation of a Safety Management System (SMK) for Public Transportation Companies.
13. Strengthening Humanitarian Logistics
