

Sarbojit Pal

Associate Fellow
Centre for Research in Sustainable Urban
Development and Transport Systems,
Sustainable Habitat Division,
The Energy and Resources Institute (TERI)

Mr. Sarbojit Pal is an Associate Fellow at the Centre for Research in Sustainable Urban Development and Transport Systems, TERI. He is an economist engaged in research on demand forecasting for transport and identification of parameters for sustainable development.

He has had prior experience in developing analytical tools to assess the environmental impacts of road vehicles and building forecasting models. He has also worked on urban development issues like energy access and on addressing challenges related to project implementation in municipal local bodies.

He did his Masters in Economics from Indira Gandhi Institute of Development Research, Mumbai and Bachelors in Economics from Calcutta University.
