

Amtrak: A New Era of High Speed Rail

JITTI-APTA Rail Symposium 2024
April 11th, 2024

Andy Byford

Senior Vice President – High Speed Rail
Development

Quick Facts

More than 40 routes

21,400 route-miles

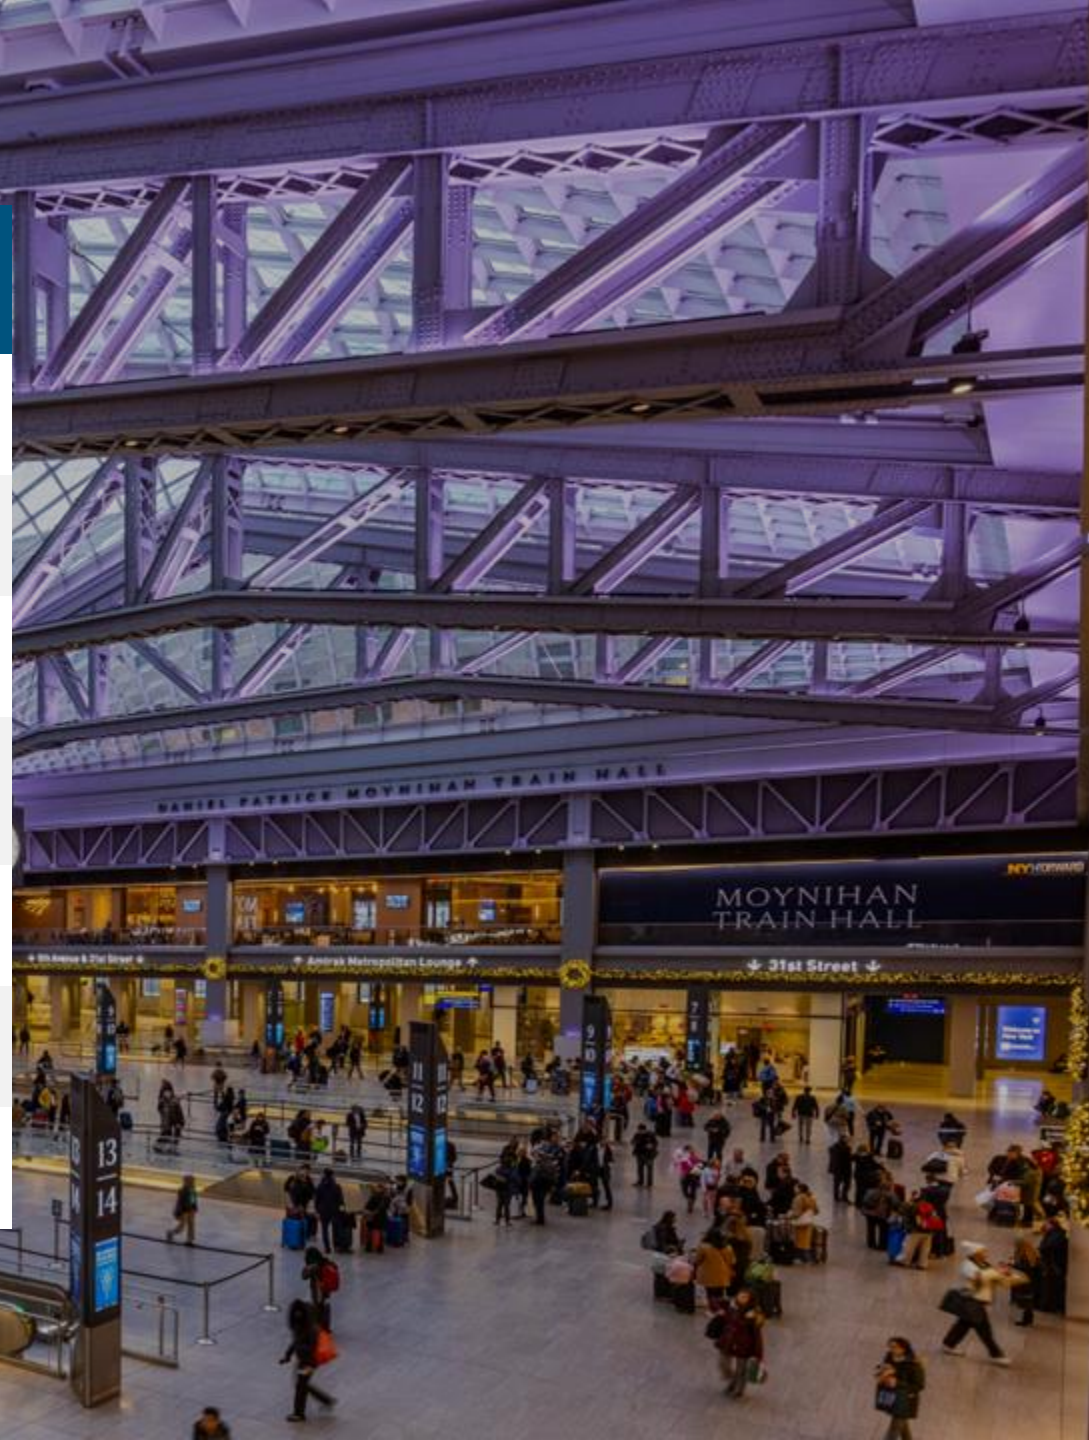

300 weekday trains

500+ stations in 46 states, plus D.C. & Canada

23,000+ employees

Nearly 29 million riders in 2023

More demand for service than seats!

Business Update

- Demand is growing!
- We're making current equipment more efficient.
- Largest construction operation in the country in 2025.
 - \$4B in capital investments for FY24
- Our goal is to **double ridership** by 2040 and reach **net zero** by 2045.

Amtrak Economic Impact

\$9.2B in annual economic impact nationally:

- \$2B direct benefits
- \$7.2B indirect benefits

Good paying jobs:

- 23,000+ employees
- 36,000 additional jobs supported

Historic IIJA investments in Amtrak support economic growth, employment, mobility and the U.S. supply chain.

High-Speed Rail: What you need

High travel demand between city-pairs

Integration w/ conventional rail & transit

Straight right-of-way

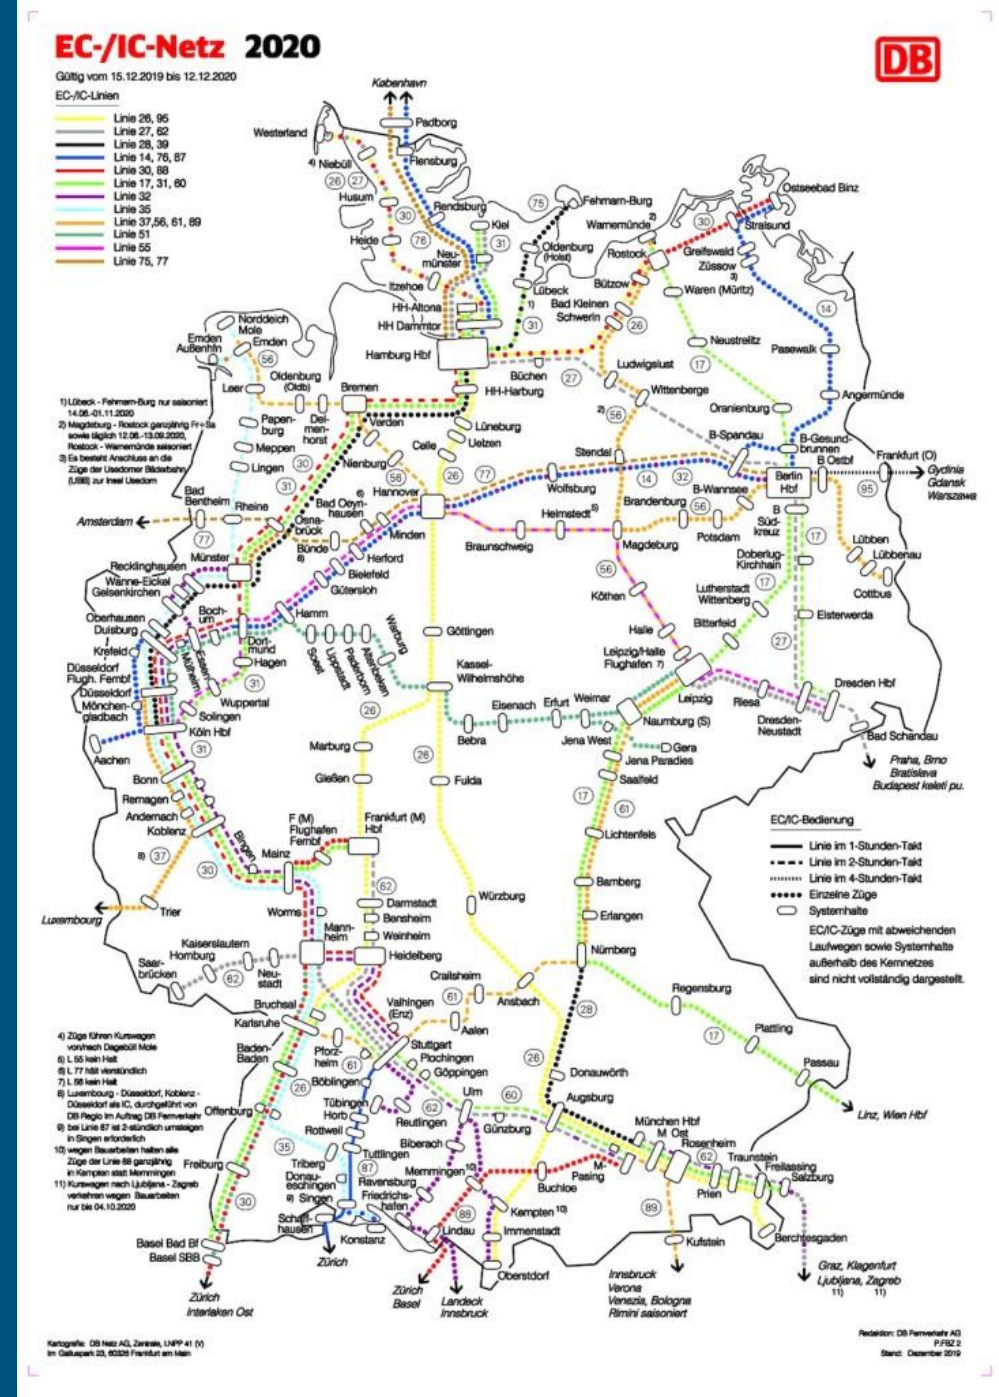

Limited stops

Political support

Buckets of funding

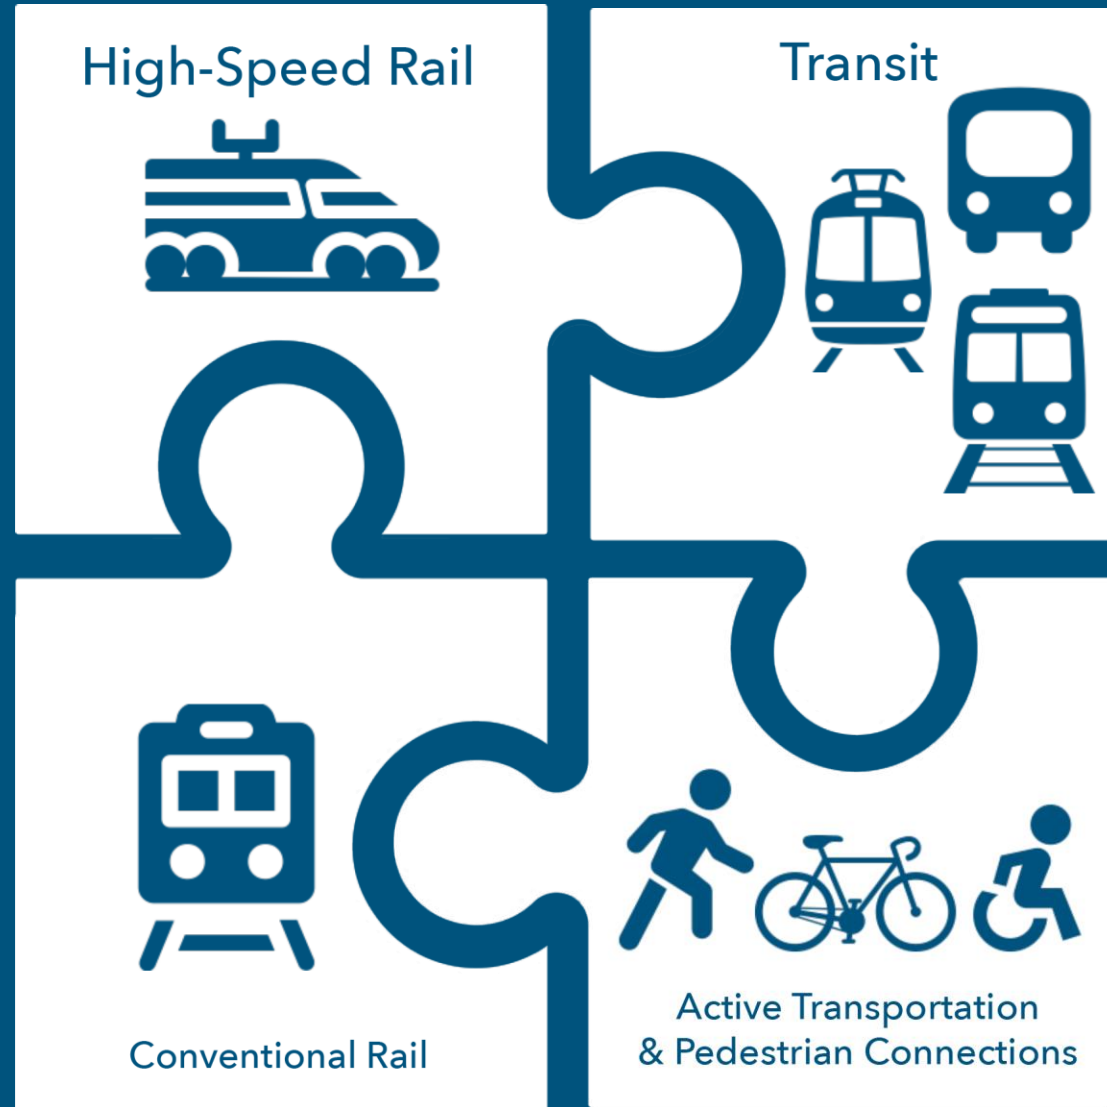

Sources: Map – Texas Monthly via MAPfrappe
