

Mr. Tsuneo Ando

Managing Executive Officer
Japan Region Headquarters
Air and Ocean Freight Forwarding Division
Domestic Ocean Liner Division
Harbor Transportation Division
NIPPON EXPRESS CO.,LTD.

Tsuneo Ando has 40 years of experience in the international ocean cargo industry.

Throughout his career, he has held a wide range of leadership roles, primarily in the global ocean freight business.

His main overseas assignments included postings with NX America from 2000 to 2005 and NX Hong Kong from 2009 to 2013, totaling nine years of service abroad, where he was deeply involved in international logistics operations and regional business development.

After returning to Japan in 2013, he led a branch office primarily handling automotive-related cargo for five years, overseeing operational management and strengthening customer relations in the automotive logistics sector.

Following his appointment as head of the ocean business, effective January 2023, he assumed broader responsibilities across the organization. He is currently responsible for overseeing all aspects of international ocean freight, international air freight, port transportation, domestic shipping carriers, domestic air services, and overseas relocation and personal effects services.

He currently resides in Tokyo with his family.
