

Dr. Saksith CHALERMPONG

Director, Chulalongkorn University
Transportation Institute (CUTI)

Prof. Dr. Saksith Chalermpong is Director of the Transportation Institute, Chulalongkorn University (CUTI), and Professor in the Department of Civil Engineering, Faculty of Engineering, Chulalongkorn University. He holds a Ph.D. in Transportation from the University of California, Irvine, an M.S. in Transportation from the Massachusetts Institute of Technology (MIT), and a B.Eng. in Civil Engineering from Chulalongkorn University.

With more than 25 years of experience in transportation planning, public transport policy, urban mobility, and logistics, Prof. Saksith has led numerous research and consulting projects for government agencies, international organizations, and private-sector stakeholders. His expertise covers public transportation systems, rail transit development, transport safety, sustainable mobility, logistics, smart cities, and transportation policy.

Prof. Saksith has published extensively in leading international journals and is widely recognized for his research on urban transport, paratransit systems, ride-hailing services, transit-oriented development, and mobility in developing cities. His work has contributed significantly to transportation policy and planning in Thailand and across the ASEAN region.
