

Dr. Patanapong SANGHATAWATANA, Ph.D.

Assistant Director,

Chulalongkorn University Transportation Institute (CUTI)

Dr. Patanapong SANGHATAWATANA is Assistant Director and Senior Researcher at the Transportation Institute, Chulalongkorn University, Thailand. He holds a Ph.D. in Logistics Management from Chulalongkorn University and has over 24 years of experience in transportation, logistics, and supply chain management.

Dr. Patanapong has led numerous research and consulting projects for government agencies, including the Department of Land Transport and Airports of Thailand, covering public transportation planning, transport safety, logistics efficiency, urban mobility, and sustainable transportation systems. His recent work focuses on public transport data management, local public transport development, ride-hailing and motorcycle safety, airport accessibility, and low-carbon mobility policies.

He is widely recognized for his contributions to transport and logistics research, with publications in leading international journals on sustainable mobility, transport policy, logistics management, and climate-responsive transportation planning.
