Cooperated from : Ministry of Transport Thailand / Embassy of Japan in Thailand /
The Thai Chamber of Commerce / Japanese Chamber of Commerce, Bangkok

JTTRI-AIRO has been conducting research supported by a specific committee consisting of experts from government, industry, and academia from both Thailand and Japan to find solutions to logistics issues in Thailand from the perspective of three broad areas highlighted at the JTTRI-AIRO Commemorative Symposium in June 2022: i) "improvement of efficiency of inland transportation and connectivity between transportation modes", ii) "utilization of ICT", and iii) "enhancement and strengthening of cooperation among logistics stakeholders".

In this symposium, JTTRI-AIRO will invite experts from government, industry, and academia to discuss how Thailand can solve logistics issues through our presentation, keynote lectures, and a panel discussion, as well as seeking strategies for strengthening the logistics network between neighboring countries and Japan.
