# Overview of the development process tourism products

Cao Bang Tourism

Combined with  
performing arts and  
traditional musical  
instruments

Thanh Nga Luxury Restaurant

Cooking experience

Hoa Lo Prison Relics

Monuments become  
performance on stages

Mu Cang Chai – Lao Cai Scenic Tourism

## 2 Trends

Global  
travel  
shifts from

sightseeing

experience

creative

**Culture \* People \* Nature**

is center

**Vietnam Tourism  
has the opportunity to become a country of creative experiences**

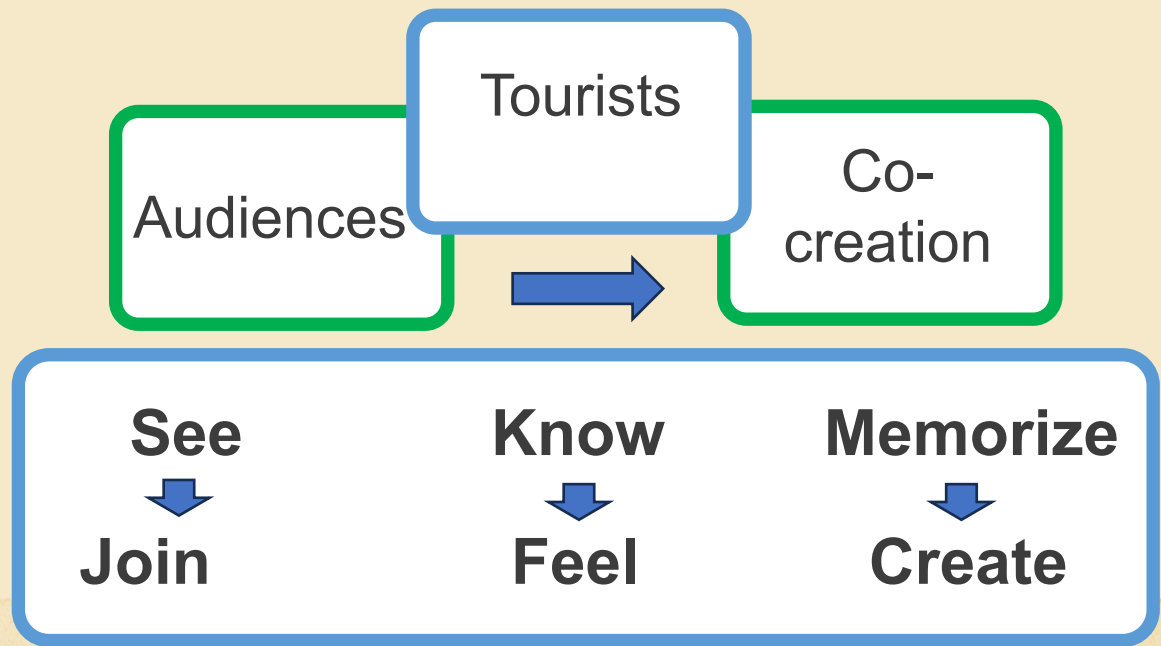

**Night Tour  
Decoding Thang Long Imperial Citadel**

**Doan Mon Gate of Thang Long Imperial Citadel**

### 3 Recognizing the experiential and creative elements in tourism products

Recognizing the creative experience factor, tourism businesses will easily invest in developing products suitable for tourism trends.

# Humanistic and sustainable meaning

Creative tourism, thanks to the power of experience and emotion, is becoming a tool to connect the past and the future, develop the economy and preserve heritage towards the goal of sustainable tourism development.

**Thinking**

**exploit**

**create**

# 6 Lesson

1. Creativity is rooted in identity
2. Community is the center of creativity
3. Technology \*Art \* Education
4. Sustainable measurement
  - Increased community income
  - Reduced emissions and waste
  - Visitor satisfaction
  - Reinvestment in culture and environment.

**SUCCESSFUL MODELS REPLICATED**

# 7 Orientation

## **1. Building a network of product**

Cultural, Green and Creative Tourism

Spaces for exchanging, forming and nurturing new ideas, connecting training, promoting tourism products

## **2. Developing new products**

## **3. Standardizing Creative Tourism**

Vietnam Creative Tourism Criteria: 4 pillars including Cultural Identity, Creativity, Community and Sustainability.

## **4. Developing Creative Tourism Centers**

A place to train human resources, develop new models, apply from digital tourism technology to the art of multimedia storytelling...

## 1. Policy mechanism

Integrating creative tourism criteria into local tourism development projects

Strengthening public-private partnership (PPP) mechanisms

## 2. Creative and green human resources

Focus on creative skills, technology, communication and community development in tourism training programs.

International cooperation in specialized training on creative tourism management and sustainable tourism design.

## 3. Technology, digital transformation

VR/AR – AI – Big Data

Vietnam creative tourism digital map

## 4. Tourism linkage

Forming creative tourism routes

Connecting tourism with agriculture, handicrafts, cuisine, education and cultural industries to form a multi-layered value chain.

“Creative tourism not only to improve destinations, but also to improve the spiritual life of local people, spreading humanistic values.”

**Creative tourism:** bringing new life to heritage  
**Sustainability:** ensuring heritage is preserved.

“

**Thank you very much**

**For your attention!**
